Letter to S. T. McMillan, Hillsboro, Ohio.

Dear Sir: The Trustees of the Fair Ground, Cokeskill, N. Y., were glad to pay 15 cents a gallon more for Devco; and no wonder. Two other paint agents said it would take 150 gallons of their paint to cover the buildings. Our agent put it at 125 or less. It took 115.

We saved them 35 gallons of paint and painting (worth \$4 to \$5 a gallon, as the painting costs two or three times as much as the paint) less 15 cents a gallon on 115 gallons. Say \$140. That's how to count the cost of paint. The cost of putting it on is \$3 or \$4 a gallon. You see what that means. Go by Devco.

Yours truly,
F. W. DEVCO & CO.,
New York and Chicago

Simple Way to Cure Catarrh by Hyomel Without Stomach Dosing.

It is the height of folly to dose the stomach with internal medicines to cure nasal catarrh. It cannot be cured except the catarrhal germs that are present in the nose, throat and lungs have first been killed.

The soothing air of Hyomel heals the smarting and raw membrane of the air passages in the nose, throat and lungs, kills off the catarrhal germs and rids the system of the last traces of catarrh.

The complete Hyomel outfit consists of a hard rubber inhaler which can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomel, and costs only one dollar, while extra bottles can be obtained for 50 cents.

The W. R. Smith Co. positively guarantee a cure when Hyomel is used in accordance with the simple directions on the package, or they will refund the money. This certainly shows their faith and belief in the virtues of Hyomel.

In Memoriam.

G. W. Williams was born March 10, 1834, near Hillsboro, Highland county, Ohio, and died March 24, 1906, aged 72 years and 14 days. He was united in marriage to Mary Murphy, Feb. 19, 1879. There was born to this union one daughter Mary Alice. George was the last of the family to leave this world, his father, mother, three sisters and one brother having passed on before.

He joined the M. P. Church at Union Chapel in the year of 1851 under the pastorate of the Rev. G. W. Leedom. He was an honest, industrious man whom everybody could trust. He was a kind and loving husband, a very indulgent father and he was a great lover of little children. Whenever he was in a home where there were little ones he would take them on his knee and pet them. Every one speaks of him as being a kind and obliging neighbor, ever ready to help any one in need.

For our church he always gave very willingly. The night before he died he spent in praying and pleading with the Almighty God. And God moves and works in mysterious ways, and we hope that our most merciful God heard and answered his earnest prayers. He also called for a hymn book and sang, "Jesus lover of my soul."

CAID OF THANKS.

We do thank our kind friends and neighbors for their help and sympathy during the sickness and death of my beloved husband.

MARY WILLIAMS.

"A fellow I know had a private tip on how the prize fight was going to come out last night."

"And he told it to you?"

"No—he lost this hat."

Watch For The Dollar.

We have always advocated that the place or town to spend your money, is in the town where you earn it, as the dollars sent away, very seldom return.

TO PROVE STABLER'S TRADE-AT-HOME THEORY.
This afternoon a bright silver dollar with several shipping tags attached, started from Stabler's 5 & 10c. Store on a most interesting journey through the business channels of Hillsboro. The dollar is a genuine specimen of Uncle Sam's coins and has a small silver ring soldered to the rim of it. To this ring the tags are attached. The following is printed on the face of the first tag:

THIS DOLLAR

Started from Stabler's 5 & 10c. Store, April 5, 1906, the object of which is to demonstrate that a dollar spent at home will return to the original spender eventually to be paid out again, while a dollar spent out of town, rarely, if ever, finds its way back through the channels of trade to its starting point.

When this dollar comes into your possession, please write your name and the date and hour of day when received on the first vacant ruled line on the attached cards. Then spend the dollar, but be sure not to spend it with some one who trades out of town or with some one who is liable to "salt it down." Keep it circulating.

The mission of this dollar is a worthy one and everyone who gets it in his possession should assist in proving the advantage of trading at home by carefully following the instructions on this card.

Note: This dollar has not been defaced or altered in any way by the attachment of the silver ring and is worth 100 cents at any bank or at Stabler's 5 & 10c. Store.

PUSH IT ALONG

Caution: If the tags become filled with names please bring it to Stabler's 5 & 10c. Store and have new tags issued to replace them.

The rest of the tags are ruled off into spaces for names and dates and it is expected that when all the cards are full they will be returned to Stabler's 5 & 10c. Store for replenishing.

The dollar was paid out to Clark Ogden, an employee of Stabler's 5 & 10c. Store, and he spent it at once with The Iron-Clad Clothing Co. It is generally concluded that they will not let tarnish on their hands and merchants can be on the lookout for it tomorrow.

We offer to take this dollar in as worth \$1.10 on purchases every time it is returned to our store. Other merchants will make liberal offers for the spending of this dollar in their store.

The young dog was asking the wise dog questions.

"Human beings think they are descending from monkeys," said he.

"From what, then, is the canine race descended?"

The old dog glanced sadly at the near by sausage factory.

"I cannot tell," he said. "There are too many missing links."

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by all druggists, 75c.

The Maid—Then I'm all right. It was the same fellow.
